Notification Customer Service Department No. 01/2013 Spare parts | Maintenance | Technical

Encrusting Machine Type KN200 & KN300

March 2013

Dear Agent,

Herewith we would like to inform you, that in future there will be limitation of the availability regarding spare parts for Encrusting Machine Type KN200 & KN300. This affects especially the Operation Panel and Circuit Boards.

Should you need a new spare part, pls. be informed that the delivery period will take about 4 to 6 weeks. Moreover, in general, they will be available only for limited period of time.

In case that you would like to take the opportunity to consider the purchase of a new Rheon Encrusting Machine, our sales team will be glad to inform you about our advanced technology applications. Please inform your customers about this notification.

Should you have more questions, we are on your disposal under phone: +49 (0) 211 471950 or E-mail: de.mainte@rheon.com

With best regards,

Andreas Schaller
