INFORMATION CUSTOMER SERVICE No. 02/2015 SPARE PARTS | MAINTENANCE | HANDLING

Divider VX111, VX121

Jan 2015

OPERATION PANEL

Dear customer,

Our co-operator Mitsubishi has modified its product series due to innovation in technical systems. This letter is to inform you about this important point.

As the new operation panels have **NO** compatibility with the former ones, all programs have to be completely renewed. This will take some time, as you can imagine. In order to avoid a production stop on your Rheon machine, we would like to ask you kindly to inform us about the **Program –number mentioned on the ROM of your PLC**.

Knowing this information we will be able to submit a quotation for the „new“ Operation Panel.

Generally not longer available: Operation Panel for VX111, VX121

If you have a machine breakdown, we are in the position to offer you some rental operation Panels, **while stocks last**.

If we may be of any further service, please do not hesitate to contact us at any time.

With kind regards

Peter Schaefer
