**IMPORTANT INFORMATION CUSTOMER SERVICE**  
**No. 02/2015**  
Spare parts | Maintenance | Handling

**Divider VX111 , VX121**

**January 2015**

**PLC Controller**

Dear customer,  
 Our co-operator Mitsubishi has modified its product series due to innovation in technical system. This letter is to inform you about this important point.  
 As the new PLC Controller have **no** compatibility with the former ones, all programs have to be completely renewed. This will take some time, as you can imagine. In order to avoid a production stop on your Rheon machine, we would like to ask you kindly to inform us about the **Program-number mentioned on the ROM of your PLC Controller.**  
 Knowing this information we will be able to submit a quotation for the “new” PLC Controller.  
**Not longer available from now on: PLC Controller for VX111, VX121.**

In case you have a machine breakdown, we are in the position to offer you some rental PLC Controller, **while stocks last.** If we may be of any further service, please do not hesitate to contact us at any time.

With kind regards

Peter Schaefer  
 Manager Maintenance Service Department
